

Premier of Ontario - Première ministre de l'Ontario

June 17 – 18, 2015

A PERSONAL MESSAGE FROM THE PREMIER

On behalf of the Government of Ontario, I am delighted to extend warm greetings to everyone attending the 2015 Annual Meeting and Gala Celebration of the Canadian Institute of Actuaries (CIA). Congratulations to the CIA on marking five decades of outstanding service to the actuarial profession!

I commend the CIA for helping members engage in career-long learning. Thanks to this year's conference, participants will have the opportunity to enjoy the wisdom of keynote speakers, advance knowledge by attending a wide range of informative sessions, view trade show exhibits and make connections with fellow professionals.

As Canadians, we should be proud of our financial services sector and of the women and men who contribute to its sterling reputation. With this in mind, I wish to acknowledge the remarkable expertise that actuaries bring to financial risk management and the vital role they play in pensions, life insurance and other businesses.

Please accept my best wishes for a successful meeting. And once again — a very happy 50th anniversary!
